One Year of LibreItalia

LibreITALIA

- ▼ founded on August 2014
- ▼ more than 270 members
- ▼ Google+ Community has about 2.600 users

One Year of LibreItalia

- ▼ Goal of this Association is indeed to aggregate all users of LibreOffice Italian Community to accelerate the deployment and promotion of LibreOffice and all FLOSS (Free Libre Open Source Software).
- ▼ Moreover the Association supports the dissemination of digital culture, Open Data Formats, Open Data and Open Knowledge.

One Year of LibreItalia

- ▼ “Affiliate Member” of OSI (unique Italian Association)
- ▼ selected as part of the “National Coalition for Digital Skills” established by AgID

Last (and first) year activities

Last year activities

some main activities brought forward by the Association in this first year:

- ▼ Schools support (primary and high) on choosing Free Software to be used for didactics and administrative purposes, through workshops and free trainings;

Last year activities

some main activities brought forward by the Association in this first year:

- ▼ Training to teachers and students on FLOSS and LibreOffice through a formative project called “Grow up with bread and free software”, included in AgID’s national platform for digital skills;

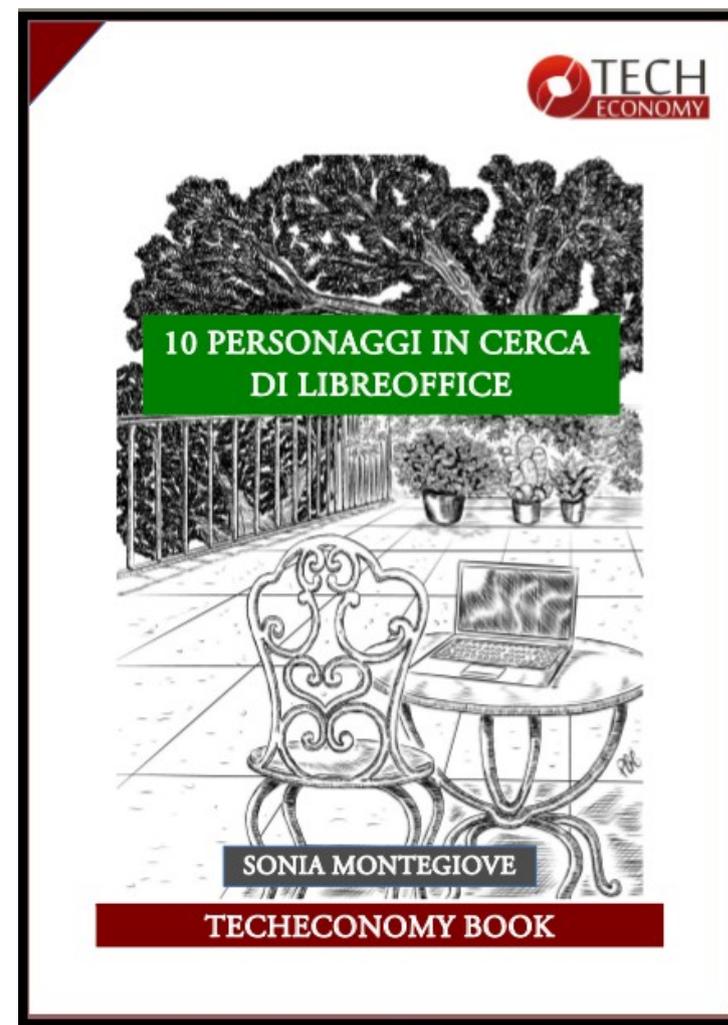

Last year activities

- ▶ Publishing an e-book useful as a guide in schools which presents FLOSS migration's advantages in schools and gives useful tools to adopt LibreOffice in didactics and documents management;
- ▶ Production of teaching materials on LibreOffice (slides, manuals, guides and tutorials) released under Creative Commons license;

▼ Document Freedom Day in Perugia and Mozzecane;

Last year activities

- ▶ Attending every single event about ICT (ForumPA, Internet Festival, International Journalism Festival, etc.)
- ▶ Supporting to ECDL (European Computer Driving License) based on FLOSS products through the arrangement of teaching materials, exam preparation exercises and on-line simulations;

Last year activities

- Organization of lectures for students, parents and teachers about the importance of digital freedom;

- LibreItalia annual Conference in Bologna;

Last year activities

- ▼ Meetings with Public Administrations to promote and let them know all the advantages of migrations (RoadShow);
- ▼ Promotion of meetings in schools (but not only) about conscious use of Internet targeted to parents and teachers;

Last year activities

- ▼ “Watchdog” activity to constantly check press articles information accuracy, especially regarding migrations;
- ▼ See #nonsolopesaro about Pesaro Municipality counter-migration to MS Office 365;

Future activities

- ▼ The number of associated increases week by week
- ▼ Contacts and support requests for migrations grow as well
- ▼ Autonomous Provinces of Bolzano (Bozen) and Trento are migrating according to TDF official migration protocol
- ▼ SMD: Stato Maggiore della Difesa (Army, Marine, Aviation) is going to migrate
- ▼ workshop to teach people how to contribute in translation and development

- ▼ Subscription of an agreement between MIUR aimed to spread LiberOffice and Free Software in Italian Schools;
- ▼ Organization of an important event on Open Formats aimed to let Italy be sensible on Open Document Format adoption in Public Administrations;
- ▼ Creation of a guide for teachers to educate deaf people, in collaboration with a national school for deafs;
- ▼ participation to a TEDX in November 5th.

- ▼ Organization of short trainings for oncologic children in hospitals, in collaboration with “Chianelli” association;
- ▼ Production of OnLine trainings (MOOC) on LibreOffice;
- ▼ sharing of them on Didasca and Oil Project platforms;
- ▼ collaboration with EiPass to create didactic materials and quiz for their certification exam;
- ▼ LibreItalia annual Conference in Terni on 28th November.

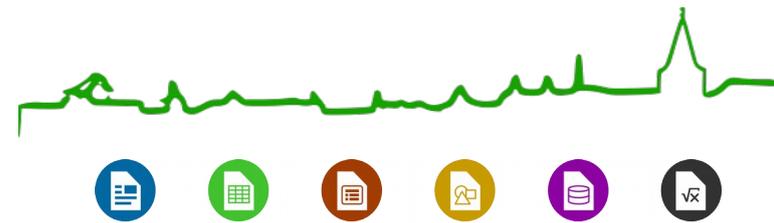

SMD: Good news!

- ▼ Stato Maggiore della Difesa has about 150.000 PC's countrywide distributed in barracks and administrative offices
- ▼ Followed TDF migration protocol
- ▼ LibreItalia role in this migration:
 - ▼ Support in pre-analysis;
 - ▼ Training of their trainers;
 - ▼ Support in e-learning objects creation;
 - ▼ Communication support;
 - ▼ Basic technical support;
 - ▼ CMIS integration;
 - ▼ Workflow automation consulting with headless mode.

Conclusions

- ▼ We are satisfied since we would never have guessed to have so many members and contacts
- ▼ we've been able to make so many things we'd have never imagined
- ▼ all this stuff wouldn't have been possible without a right and strong communication
- ▼ Italians do it better! :D

Aarhus 2015 CONFERENCE
