   b) If you need **cash** - On the first floor there are some ATMs from which you can extract cash in EURO or local currency LEI/RON. See below.
c) Exchange – at airport the exchange offices can be found on the ground floor and they accept card payment.

1. Exchange rates –
   1. 1 euro ~ 5 LEI/RON
   2. 1 USD ~ 4.5 LEI/RON

2. The exchange rate is disadvantageous at the airport. I recommend you to exchange in the city unless you want to exchange a small sum.

d) Rent a car – For those who want to rent a car there are some offices on the ground floor at the airport right next to exchange offices. I don’t know if the price is reasonable.

2. Reaching the city/hotel from the airport – this depends on the hotel that you booked. I’ll use as example [ibis Bucharest Politehnica](https://www.accorhotels.com/en/hotels/ibis-bucharest-politehnica)

   a) By train/subway – you have to take the train from the airport to the North Railway Station (Gara de Nord) and then take the subway and get off at Grozăvești station.

   1. Train
      1. For the railway station at the airport follow the below sign.
2. The railway station is in front of the airport building at ~100-200 meters. You’ll recognize it by its shape of a semi-cylinder made of glass. See below.
3. You can find the schedule here: [https://bilete.cfrcalatori.ro/en-GB/Itineraries](https://bilete.cfrcalatori.ro/en-GB/Itineraries). Fill the necessary fields as follows:
   1. **From**: Aeroport Henri Coandă
   2. **To**: București Nord
   3. **Departure date**: [your departure date].
   4. Press “Search”

4. The trip duration is ~25 minutes.

5. **Tickets.** A ticket costs 5 LEI/RON (~1 euro) or 6 LEI/RON (~1.2 euro). See below. **Beware that you’ll be checked for the ticket by a controller during the trip.**
   1. Online ([https://bilete.cfrcalatori.ro/en-GB/Itineraries](https://bilete.cfrcalatori.ro/en-GB/Itineraries)): you have a “Buy” button for each entry in the schedules list. See below. Unfortunately you have to login/register in order to buy tickets online. I recommend the alternatives below.
   2. You can buy at the airport’s railway station from the tickets office. See below.
3. If you’re in a hurry you can take the train and buy the ticket during the trip using your bank card from the below device. The tickets will cost 6 LEI/RON (~1.2 euro). You won’t get a receipt. If you want multiple tickets with the same card use “+” button on the device’s display. If the controller requests your ticket you have to use your bank card to check your payment on controller’s device.

2. **Subway** – Use the M1 (yellow) subway line. Take the subway from “Gara de Nord 1” station to “Grozăvești” station.
   1. Once you step out of the train you have to follow the below sign.

3. Payments – In principle card payment can be used almost everywhere. But if you want to be on the safe side you can exchange a small amount of cash, just in case.

5. The main means of transportation in Bucharest

   a) **Subway** – this is the recommended way of transportation in Bucharest due to the congested traffic on the surface.

      1. **Map** - [http://www.metrorex.ro/Resurse/Harta/HartaMtx%202022.png](http://www.metrorex.ro/Resurse/Harta/HartaMtx%202022.png)
         1. You can find maps inside subway trains.
      2. **Signs** – follow the below sign to identify the entrance into subway stations. Usually there are two entrances.
multiple ways of paying the trips with the subway.

1. You can pay directly with your bank card at the entrance. In general a trip costs 3 LEI/RON (~0.6 euro). You won’t get a receipt. If you want multiple tickets with the same card use “+” button on the device’s display. Use “I” button for information.
2. You can buy from the vending machines or from the ticket office. You can find the options here: [http://www.metrorex.ro/travel_tickets_p1382-2](http://www.metrorex.ro/travel_tickets_p1382-2). I recommend four types of tickets, depending on your needs:

1. **1 trip** – costs 3 LEI/RON (0.6 euro) – this is not a physical ticket. You can only pay it at entrance.
2. **2 trips** - costs 6 LEI/RON (1.2 euro)
3. **10 trips** – costs 25 LEI/RON (5 euro)
4. **Weekly pass** - costs 30 LEI/RON (6 euro). This allows you to travel unlimited number of times during one week starting with the moment the ticket was bought. **Beware that once you use it for entering a station, there is a 15 minutes timing until you can use it again.**

3. **Vending machines** - you can by tickets using card payment or cash.
b) **Bus/Tram** – use this transportation mean if you don’t have an easy access to the destination by subway.

1. **List of bus/tram number** - https://www.stbsa.ro/eng/index and their routes. **Beware that there are different bus numbers and routes during the night. They start with an “N”.**
2. **Schedule** – In principal during the day the schedule is between 04:30 AM and 10:30 PM and during the night between 10:30 and 04:30 AM. You can access the schedule for any bus line here: https://info.stbsa.ro/traseu/. Just type the bus line number in the search box and press enter. The itinerary will be displayed on the map and on the left side you’ll see the list of stations, first in one direction and then in the opposite direction. By expanding a station you’ll see the approximate schedule of bus arrival at that station.
3. **Tickets and payments methods** - please visit this page: https://www.stbsa.ro/eng/index and choose “Payments” menu option.
4. **You can plan your route by using:**
   1. the usual map (e.g. Google maps)
   2. The application from the offical website of the transport company (STB) https://info.stbsa.ro/ Unfortunately is available only in Romanian.

c) **Taxi/Uber/Bolt**

1. Uber/Bolt applications are available in Bucharest and they are recommended over yellow taxies. They display the price for the trip on your phone, the driver has no saying about the price and it’s a very good service. You can choose between the 2 apps as you wish. Sometimes they have good deals and you can check which one of the 2 apps has the better price. Invoice can be downloaded from the apps easily.
2. Bolt has integrated Bolt Food service where you can easily order take-out food.
3. Bolt also has “Women for women” service.
4. Taxi – most of the taxies require cash (RON) and you can grab them from the street. Please ask the driver to start the taxationmeter. In case they don’t do it, please ask them to get out of the taxi cause they would probably want to bargain the price at the end of the trip. Safe taxies are: Cobalcescu, Leone, Cristaxi, Meridian, taxi 2000.
